

SYED MUSTAFA HASSAN

Lahore, Pakistan · +92 317 412 4920 · mustafahassan.site · [LinkedIn](#) · [GitHub](#)

PROFESSIONAL SUMMARY

Computer Science student at UMT with a strong foundation in Python, C++, and Machine Learning. Experienced in communicating technical concepts through peer tutoring and hands-on software internship work. Adept at building complex logic-driven systems and applying deep learning and neural network principles to real-world problems. Seeking a role where strong analytical and engineering skills drive meaningful impact.

EXPERIENCE

Peer Tutor | [University of Management and Technology \(UMT\)](#) *Lahore · Nov 2025 – Present*

- Mentor junior students in core CS subjects: Programming Fundamentals (PF), Object-Oriented Programming (OOP), and Data Structures & Algorithms (DSA).
- Conduct one-on-one debugging sessions, reinforcing problem-solving strategies and best coding practices.
- Bridge conceptual gaps between theory and practical implementation, improving student performance and confidence.

Software Engineering Intern | [CodeAlpha](#) *Remote · Aug 2025 – Sep 2025*

- Built multiple C++ projects including a fully functional Login & Registration System with file-based persistence.
- Applied core software engineering concepts: algorithm design, file I/O handling, and object-oriented programming.
- Managed and version-controlled all project source code on GitHub with public documentation and demo repositories.

EDUCATION

BS Computer Science · [University of Management and Technology \(UMT\)](#) *Oct 2024 – Jul 2028*

CGPA: 3.66 / 4.0 · Dean's List candidate

Activities: UMT ACM Student Chapter · UMT Model United Nations (MUN) · UMT Tecverse

PROJECTS

Python Voice Assistant | [Personal Project](#) · 2025

- Built an AI-integrated voice assistant in Python featuring automation capabilities and multi-platform command execution.
- Integrated speech recognition, natural language processing, and API calls to deliver a seamless conversational experience.

Portfolio Website | [Personal Project](#) · 2025

- Designed and developed a full-stack portfolio website to showcase technical projects and experience.
- Implemented responsive front-end using HTML, CSS, and JavaScript; deployed at mustafahassan.site.

TECHNICAL SKILLS

Languages: Python · C++ · JavaScript · HTML · CSS · SQL · Assembly Language

ML / AI: Machine Learning · Deep Learning · Neural Networks · AI Agents · NumPy · Pandas · scikit-learn

Databases: Microsoft SQL Server · SQL · JSON

Tools & Platforms: Git · GitHub · API Integration · File I/O · Networking

CS Fundamentals: Data Structures & Algorithms · Object-Oriented Programming · Operating Systems Concepts

Soft Skills

Problem Solving · Peer Mentoring · Analytical Thinking · Technical Communication · Team Collaboration

CERTIFICATIONS

- Meta – Programming with Python
- Meta – Introduction to Back-End Development
- LinkedIn Learning – Deep Learning: Getting Started
- LinkedIn Learning – Artificial Intelligence Foundations: Neural Networks
- LinkedIn Learning – Deep Learning with Python: Convolutional Neural Networks
- LinkedIn Learning – Using Python for Automation
- Educative – Machine Learning with NumPy, Pandas & scikit-learn
